Term 1 - Number 4

Thursday, 29th September 2022

We have had a very exciting addition in our Main Hall today as the Explorer Space Dome visited as part of Year 5's topic on Space. I know that the children (and staff) were keen to get inside and see the night sky as never before! In addition, Reception have enjoyed going out in their welly walk, looking at the changing seasons as we start to think about Autumn and Harvest. **Jennifer Bayne**

Parent Interviews - Tuesday, 11th & Tuesday, 18th October

Parents' evening is a really important time for you to meet with your child's class teacher to discuss their progress and learning. Following the success of offering in person or remote appointments last year, which suited some parents well, we are offering the same blended approach this year. You can either sign up for an appointment time over Zoom (and a log in will be sent to you), or in person.

In person meetings will take place in the school halls (in the same building as your child's classroom) and there will be an opportunity for you to see some of your child's work which will be out in their classroom.

Parent meetings will be no longer than 9 minutes, with each appointment 10 minutes apart and we will have to keep to time due to the blended remote and in person offer. We ask that you support us with this and if you require a longer meeting to make a subsequent appointment.

Sign-up sheets for Parent Interviews will be available in the school reception area from next Monday, 3rd October. Please sign up here for an appointment time.

There will be no class teacher led clubs after school on these days

Jeans for Genes

Thank you to everyone who supported this last Friday. We all enjoyed wearing our jeans or denim and have sent off **£280.50** to this worthy cause.

Eco Warriors 2022/2023

Well done to these children who will make up our Eco Squad this year, supporting our school as we endeavour to become more sustainable and build upon our recent accreditation of our Eco-Schools Flag.
